Royal Town Planning Institute

RTPI is a dynamic organisation leading the way in the creation of places that work now and in the future. We understand that just as people develop places, so places develop people. We are committed to the enhancement of our natural and human environment, using spatial planning to manage competing pressures on our built environments and the very real effects on our space. Through our members, we constantly seek to create areas and places in which people want to live and work.

As well as promoting spatial planning, RTPI develops and shapes policy affecting the built environment, works to raise professional standards and supports members through continuous education, training and development.

For further general information, visit the RTPI website at: **www.rtpi.org.uk**.

Planning Consultants

More than a third of RTPI members work in the consultancy sector, and the number is increasing steadily. They range from sole practitioners, many of whom work from home, to practitioners in major companies – with a variety in between.

The type of work they carry out is wide-ranging and includes:

- Planning applications and appeals
- Feasibility studies
- Impact studies
- Advocacy
- Conservation
- Research and monitoring
- Strategic and local planning
- Urban and rural design
- Funding advice

The following leaflet lists the planning consultancies that work in the region, ensuring that you find the planning advice you need from a member of the Royal Town Planning Institute.

Many planning consultancies work on a national basis and though they may not have an office based in this region, consultancies based in neighbouring regions and further afield will work within this region. The rear section of the leaflet lists those consultancies that also operate within this area.

We also suggest that you look at other regional leaflets or use the online directory (www.rtpiconsultants.co.uk) to source the details of other firms in and around the region.

All regional leaflets are available for download at **www.rtpiconsultants.co.uk**.
